## Frederick M. Dirbas, MD

Associate Professor of Surgery (General Surgery) at the Stanford University Medical Center

Surgery - General Surgery

### CLINICAL OFFICES

- **Stanford Womens Cancer Center**

900 Blake Wilbur Dr Rm CC2236

MC 6500

Stanford, CA 94305

**Tel** (650) 498-6004      **Fax** (650) 736-4167

### ACADEMIC CONTACT INFORMATION

- **Alternate Contact**

Keisha Hall - Administrative Associate

**Email** keishah@stanford.edu

**Tel** 650-723-5672

### Bio

---

### CLINICAL FOCUS

- Cancer > Breast Cancer
- Cancer > Breast Cancer > Accelerated Breast Radiation
- General Surgery
- Accelerated Breast Radiation
- MRI in Breast Cancer Staging
- Minimally Invasive Breast Surgery

### ACADEMIC APPOINTMENTS

- Associate Professor - Med Center Line, Surgery - General Surgery
- Member, Bio-X
- Member, Stanford Cancer Institute

### ADMINISTRATIVE APPOINTMENTS

- Director, Clinical Care Sub-team, Breast Disease Management Group, Stanford Cancer Center, (2006-2010)
- Physician Leader, Breast Cancer Clinical Care Program (CCP), Stanford Cancer Center, Stanford University School of Medicine, Stanford Hospital, (2010-2017)
- Co-Leader, Breast Cancer Clinical Research Group, Stanford Cancer Center, Stanford University School of Medicine, Stanford Hospital, (2011-2015)

### HONORS AND AWARDS

- Best Doctors in American, Best Doctors, Inc. (2020)
- Top Doctors, Castle Connolly (2020)
- Best Doctors in America, Best Doctors, Inc (2019)
- Top Doctors, Castle Connolly (2019)
- Best Doctors in America, Best Doctors, Inc (2018)

- Top Doctors, Castle Connolly (2018)
- Best Doctors in America, Best Doctors, Inc (2017)
- Top Doctors, Castle Connolly (2017)
- Best Doctors in America, Best Doctors, Inc. (2016)
- Best Doctors in America, Best Doctors, Inc. (2015)
- Best Doctors in America, Best Doctors, Inc. (2014)
- Best Doctors in America, Best Doctors, Inc. (2013)
- Best Doctors in America, Best Doctors, Inc (2012)
- Best Doctors in America, Best Doctors, Inc. (2011)
- America's Top Surgeons, Consumers' Research Council of America (2010)
- Best Doctors in America, Best Doctors, Inc. (2010)
- America's Top Oncologists, Consumers' Research Council of America (2009)
- Best Doctors in America, Best Doctors, Inc. (2009)
- Star Caregiver Award, Silicon Valley Wellness Foundation (2008)
- Grant Recipient, Vadasz Foundation (2004)
- IORT for Breast Cancer ([http://www.msnbc.msn.com/id/6503963/ns/nightly\\_news/](http://www.msnbc.msn.com/id/6503963/ns/nightly_news/)), NBC (2004)

## **BOARDS, ADVISORY COMMITTEES, PROFESSIONAL ORGANIZATIONS**

- Board of Directors, School of Oncoplastic Surgery (2020 - present)

## **PROFESSIONAL EDUCATION**

- Fellowship: Stanford University Dept of Surgery (1994) CA
- Residency: Stanford University General Surgery Residency (1992) CA
- Fellowship: National Institute of Health (1989) MD
- Medical Education: Columbia University Office of the Registrar (1985) NY
- Board Certification: General Surgery, American Board of Surgery (1994)
- MD, Columbia University College of Physicians and Surgeons (1985)
- BS with Honors, Stanford University , Chemistry (1981)

## **COMMUNITY AND INTERNATIONAL WORK**

- Susan G. Komen for the Cure Advisory Council 2011- 2014, San Francisco
- Expert Reviewer Program, Medical Board of California
- Susan G. Komen for the Cure San Francisco Affiliate 2004-2011, San Francisco
- Breast Cancer Connections 2011 - 2014, Palo Alto

## Research & Scholarship

---

### CURRENT RESEARCH AND SCHOLARLY INTERESTS

My research interests are focused on minimizing the impact of breast cancer from a diagnostic and therapeutic standpoint. Breast MRI is a powerful tool to facilitate the screening for and staging of breast cancer, and can be a valuable adjunct to guide breast surgery. Oncoplastic surgical techniques optimize cosmesis after breast cancer surgery. Accelerated radiotherapy after lumpectomy decreases radiotherapy treatment times from 6 weeks to just 1 to 5 days.

### CLINICAL TRIALS

- A Pharmacokinetic and Randomized Trial of Neoadjuvant Treatment With Anastrozole Plus AZD0530 in Postmenopausal Patients With Hormone Receptor Positive Breast Cancer, Not Recruiting
- Accelerated Partial Breast Irradiation Following Lumpectomy for Breast Cancer, Not Recruiting
- Breast-Conserving Surgery and Radiation Therapy in Patients With Multiple Ipsilateral Breast Cancer, Not Recruiting
- Comparison of Axillary Lymph Node Dissection With Axillary Radiation for Patients With Node-Positive Breast Cancer Treated With Chemotherapy, Not Recruiting
- Early Surgery or Standard Palliative Therapy in Treating Patients With Stage IV Breast Cancer, Not Recruiting
- Letrozole in Treating Postmenopausal Women Who Have Received Hormone Therapy for Hormone Receptor-Positive Breast Cancer, Not Recruiting
- Molecular and Cellular Analysis of Breast Cancer, Not Recruiting
- MRI in Women With Newly Diagnosed Breast Cancer Prior to Breast Conserving Surgery, Not Recruiting
- Phase 2 Anastrozole and Vandetanib (ZD6474) in Neoadjuvant Treatment of Postmenopausal Hormone Receptor-Positive Breast Cancer, Not Recruiting
- Surgery to Remove the Sentinel Lymph Node and Axillary Lymph Nodes After Chemotherapy in Treating Women With Stage II, Stage IIIA, or Stage IIIB Breast Cancer, Not Recruiting
- Trial of AVB-620 in Women With Primary, Non-Recurrent Breast Cancer Undergoing Surgery, Not Recruiting
